Blogosphere and its Exploration Christoph Meinel,Justus Broß,Philipp Berger,Patrick Hennig,2015-03-20 This book represents an attempt to fully review the phenomenon of the blogosphere. The intention is to provide a reliable guide to understanding and analyzing the world of the unimaginable number of diverse blogs, each consisting of innumerable posts, which in their entirety form the blogosphere. We go on to answer the questions of how to grasp the complexity of the blogosphere and extract useful knowledge from it. In setting out to write this book, our central aim was to increase the reader's awareness and understanding of the blogosphere phenomenon, including its structure and characteristics. This can be achieved through a better understanding of individual blogs and their particular technical characteristics, as well as a deeper knowledge of how a single blog is embedded and interconnected within the entire blogosphere. The shape and form of the blogosphere can be described using the analogy of different continents. In our description the defining features and characteristics of the continents are illustrated by paradigmatic example blogs. Following on from the structural analysis we provide details of the available methods and describe the complex challenge of automatically retrieving information from the abundance of data contained in the blogosphere. Finally, we present our blog search platform, called BLOGINTELLIGENCE and describe all the tools and features we have developed during the last couple of years to explore the blogosphere.

**Blogs y empresas. Tu marca en la blogosfera** Eva Sanagustín,2010 La convivencia entre blogs y empresas es posible; las relaciones entre bloggers y departamentos de marketing también lo son. Simplemente hay que dedicar un tiempo a conocer el medio y las personas que lo habitan. Este libro te guiará por las buenas prácticas necesarias para que tu marca esté presente en la blogosfera de la manera más efectiva. Conocerás las claves de los blogs corporativos y del blogmarketing, además de los blogs patrocinados y otras opciones publicitarias. Elige la mejor estrategia de entre las opciones que te proponemos y conseguirás que tus objetivos se cumplan.

*La esfera pública en la blogosfera política ecuatoriana* Consuelo Albornoz,María Belén Albornoz B.,2010 Este libro se inscribe en un momento histórico de la política ecuatoriana. Por primera vez en Ecuador se apuesta a los mundos virtuales como extensiones de las prácticas presenciales, desde el propio Estado y sus instituciones. Las categorías centrales que organizan este texto son las de espacio público y deliberación política. A partir de ellas se cuestiona si es posible la

construcción de fera pública y de una opinión pública virtual.

**Un paseo por la blogosfera de la literatura infantil y juvenil española: de los «blogslijeros» a Facebook** Araceli GARCÍA RODRÍGUEZ, Eva RUBIO GONZÁLEZ, 2014-06-04 Durante el curso académico 2012-2013 la Facultad de Traducción y Documentación de la Universidad de Salamanca ha cumplido sus primeros 20 años de vida. En el primer bloque se abordan las fuentes de información para usos especializados, área que constituye uno de los lazos indiscutibles entre nuestras disciplinas; su uso es una actividad cotidiana para los unos y su análisis una de las razones de ser para los otros. Ese interés compartido es germen de una colaboración constante, donde la selección y el empleo de la información genera caminos de ida y vuelta ineludibles. El segundo bloque se centra en un ámbito caracterizado por la vertiente social de estos campos de conocimiento, aludiendo tanto a la ética de sus profesionales como a su visibilidad y proyección. El estudio de su relevancia en nuestras sociedades, su reconocimiento y su misión constituyen un elemento básico para su desarrollo y adaptación al entorno que los demanda. Finalmente, el tercer bloque gravita en torno a las distintas perspectivas del concepto de lenguaje, que, concebido en un sentido amplio -idiomas, lenguajes documentales, lenguajes de marcado-, atañe tanto a traductores e intérpretes como a gestores de información, en la medida en que permite la creación, la difusión y el intercambio de conocimiento de manera efectiva.

**Blogosfera** Homero Fonseca, 2010 O paradoxo deste livro está em que ele nasce da constatação, de um lado, do abalo proporcionado pelas novas tecnologias digitais na hegemonia do livro-objeto como veículo de pensamento e de ideias, e, de outro lado, do fato de ser o livro ainda essencial para dar sentido à avalanche informativa da blogosfera.

**Women's Club Football in Brazil and Colombia** Mark Biram, 2024-01-15 The first women's football book on Latin America centring the perspectives of players brings rare interview material that cuts through the clichés to uncover the lived reality of women footballers. It includes the first large-scale survey of South American women footballers' views into dialogue with institutional and media perspectives. The early chapters consider the backdrop Latin American women footballers operate in, a media and institutional panorama that privileges a heteronormative athletic femininity whilst ensuring women's football is never portrayed as anything other than an inferior version of the hegemonic (men's) game. Following this, drawing on nine months of ethnographic fieldwork in which 33 semi-structured interviews were carried out with players and institutional figures, this pioneering book foregrounds the lived reality of women's football in three strategic locations. Firstly, three months were spent in the Amazon region of Brazil where Esporte Clube Iranduba provides a fascinating alternative model for the growth of women's football. This is contrasted with Santos FC, where women's football tends to be constantly overshadowed by the presence of banal patriarchy, and finally with another fleeting glimpse of how another model is possible at Atlético Huila of Colombia, the surprise winner of the women's Copa Libertadores in 2018.

*Next Generation Netroots* Matthew R. Kerbel, Christopher J. Bowers, 2016-04-14 From the early demise of Trent Lott at

the hands of bloggers to the agonized scream of Howard Dean; from Daily Kos and the blogosphere to the rise of Twitter and Facebook, politics and new media have co-existed and evolved in rapid succession. Here, an academic and practitioner team up to consider how new and old media technologies mix with combustible politics to determine, in real time, the shape of the emerging political order. Our political moment shares with other realigning periods the sense that political parties are failing to address the public interest. In an era defined by the collapse of the political center, extreme income inequality, rapidly changing demography, and new methods of communicating and organizing, a second-generation online progressive movement fueled by email and social media is coming into its own. In this highly readable text, the authors - one a scholar of Internet politics, the other a leading voice of the first generation netroots - draw on unique data and on-the-ground experience to answer key questions at the core of our tumultuous politics: How has Internet activism changed in form and function? How have the left and right changed with it? How does this affect American political power?

**A Blogosfera Portuguesa: Da coluna infame ao ocaso de uma era** Sérgio Barreto Costa,2021-02-18 Eles, bloggers, ainda andam aí. É fácil encontrar nomes-chave na blogosfera da década de 2000 nos espaços actuais de opinião nos jornais, mas também na política, na cultura e no entretenimento. Quando escrever na internet não dava dinheiro, nem borlas em restaurantes, nem cremes para as rugas, o que levou milhares de portugueses a criarem e a alimentarem um blogue? Como se explica o êxito da blogosfera e o que a fez desvanecer-se? Este é o retrato da blogosfera em Portugal, desde o primeiro caso de sucesso (A Coluna Infame) e o auge, em 2008, até à migração da maioria dos bloggers para o Facebook e para o Twitter. Descontraído e deliberadamente informal, regista um fenómeno marcado, desde o início, por uma considerável dose de som e de fúria. Vídeo de apresentação: <https://youtu.be/k1LcOFVG2tY>

Politics of Rightful Killing Sima Shakhari,2020-01-17 In the early 2000s, mainstream international news outlets celebrated the growth of Weblogistan—the online and real-life transnational network of Iranian bloggers—and depicted it as a liberatory site that gave voice to Iranians. As Sima Shakhari argues in *Politics of Rightful Killing*, the common assumptions of Weblogistan as a site of civil society consensus and resistance to state oppression belie its deep internal conflicts. While

Weblogistan was an effective venue for some Iranians to “practice democracy,” it served as a valuable site for the United States to surveil bloggers and express anti-Iranian sentiment and policies. At the same time, bloggers used the network to self-police and enforce gender and sexuality norms based on Western liberal values in ways that unwittingly undermined Weblogistan's claims of democratic participation. In this way, Weblogistan became a site of cybergovernmentality, where biopolitical security regimes disciplined and regulated populations. Analyzing online and off-line ethnography, Shakhshari provides an account of digital citizenship that raises questions about the internet's relationship to political engagement, militarism, and democracy.

**De Blogueira a Influenciadora** Issaaf Karhawi, 2021-11-27 O livro De blogueira a influenciadora, resultado da tese de doutorado defendida pela autora na ECA-USP, é uma obra fundamental para compreendermos alguns processos de transformação nas formas de produção de conteúdo e de profissionalização da internet. Em um trabalho de fôlego, a autora documenta e analisa com profundidade as mudanças contidas no fazer comunicacional das influenciadoras digitais a partir de uma periodicização das diferentes fases nas quais essa categoria profissional se insere ao longo dos anos 2000. Com um olhar refinado e crítico, Issaaf desvenda as tramas complexas a respeito do papel das blogueiras na trajetória da internet brasileira e sua centralidade e agência nos processos midiáticos envolvidos, desde a vanguarda dos blogs, passando pela legitimação, institucionalização, até a profissionalização e a popularização das influenciadoras. Uma obra que traz um panorama importante para os estudos de comunicação e cultura digital, equilibrando discussões sobre a sociedade e as suas relações com as transformações digitais. De blogueira a influenciadora é fundamental para compreensão a respeito dos comportamentos emergentes proporcionados da e na cultura das redes e plataformas digitais e deve ser bibliografia obrigatória nos cursos e disciplinas de graduação e pós-graduação que discutem a cultura digital e seus desdobramentos.

Comunicación, Innovación y Creatividad Periodística Regina Lanza Cardoso, 2023 La presente investigación se propone definir aspectos relacionados con la blogosfera en Brasil y España, mediante el análisis de la cultura periodística digital correspondiente a dos modelos de comunicaciones contextualmente diferentes y geográficamente distantes. Se selecciona un total de 16 blogs periodísticos, ocho correspondientes a cada país objeto de estudio, se realiza el análisis de contenido y la observación sistemática de sus publicaciones durante dos semanas del año 2019, a fin de determinar características del formato y del contenido periodístico. De acuerdo con la profundidad, el estudio se clasifica como exploratorio-descriptivo, y asume una perspectiva metodológica mixta, que parte del análisis cuantitativo de las variables objeto de estudio para, posteriormente, arribar a inferencias cualitativas a fin de delinear un modelo comunicativo de la blogosfera en Brasil y España. Luego del exhaustivo trabajo de campo que permitió recopilar un total de 10 mil datos, 9376 de Brasil y 624 de España, con relación al contenido periodístico de los blogs analizados, se propone la creación de un motor informático de

búsqueda de información sobre blogs. Este blogador constituye uno de los principales aportes prácticos de la presente tesis de doctorado. Concluye que el conjunto representa una transición entre las prácticas establecidas del periodismo y las posibilidades abiertas con la digitalización, de ese modo combinan los textos escritos con lenguaje digital que permite la experimentación, procuran una producción propia e independiente de contenidos porque sus autores están capacitados de ello centrado en lenguaje escrito y visual, manteniendo así los géneros informativos con mayor frecuencia con poca diferencia a los de interpretación y opinión. Hacen contribuciones de enfoque periodístico porque abordan temas de actualidad y abren espacios para la construcción de comunidades blogueras. Las relaciones con los periódicos son de complementariedad porque no dependen unos de otros en fuentes ni agenda de publicaciones aunque los criterios de diseño y estructura se dividen, también los principios del periodismo también se encuentran parcialmente en el proceso de transición abierto.
